Report of the trustees for the year ended 31 December 2012

The Society's Charitable Objects are:

- (1) to promote for the benefit of the public the conservation, protection and improvement of the physical and built environment of the City of Brighton and Hove and the surrounding area.
- (2) To advance the education of the public in the history, conservation, protection and improvement of this physical and built environment.

In furtherance of the Objects the Trustees have carried out a wide range of activities.

To achieve our first Object the Trustees have taken an active involvement with Brighton and Hove City Council's Conservation Advisory Group (CAG), the representatives for the year have been Richard Carroll and Kate Ormond, in addition Roger Hinton is Chair of CAG. The trustees have been involved with consultation on a wide range of planning matters including the City Plan, the future of The Hippodrome Theatre, The West Pier, and the creation of the new Hanningtons Lane. The Society's planning forum continues to meet separately from the main committee to scrutinise the planning applications that are to be discussed at CAG to enable the Society's representative to speak with authority on The Society's behalf. In addition the planning forum develops the Society's responses to other planning issues and policies as they arise, for ratification by the trustees.

In addition to the forum the trustees have kept the membership informed of their activities through monthly emails, newsletters and updates at lectures.

The trustees have run a series of lectures including the development of the Royal Pavilion, Angelica Kauffmann, pioneer painter, Patrick Geddes and the renewing of Old Edinburgh the Anthony Dale Lecture was given by Jonathan Meads and the John Small Lecture was a debate on buildings in Brighton that were at risk.

A day study tour was organised to Windsor to follow on from the lecture in 2013 by Jennifer Scott on the Lawrence paintings in Windsor Castle. There were two study tours to Italy led by John and Mary Mckean.

The website has continued to grow and provide members and the public with a wide range of information both in the news and learning sections. The Society has also maintained an active presence of Facebook and Twitter.
